Re: Student Injuries and Insurance

Dear Parent:

Your child's school district **does not** provide medical insurance coverage for school accidents. This means that you are responsible for the medical bills if your child gets hurt during school activities. The accompanying student accident/health insurance plans are offered to help you pay those bills.

The Student Health Care and High Option 24-Hour Accident plans are especially recommended for those students with no other insurance because they provide the most help when injuries occur. Student Health Care covers illness as well as injury, 24 hours a day.

If your child does have other health coverage, student insurance may also be used to help pay those eligible charges not covered by other insurance (i.e. deductibles and co-payments). Also, the student insurance plans allow you to take your child to any doctor or hospital you choose.

Please read your brochure carefully. If you have any questions, please call the plan administrator, Myers-Stevens & Toohy & Co., Inc., at (800) 827-4695 or (949) 348-0656. Bilingual representatives are available for parents who need assistance in Spanish.

**In order to document your having been notified of this matter, please sign and complete the bottom of this form and immediately send it back to the school with your child.**

Sincerely,

Jerene Creason  
Assistant Superintendent of Administrative Services

As parent/guardian of \_\_\_\_\_, I understand that the School District does not provide medical insurance for student injuries but does make voluntary student insurance available. I have received the information on this program.

I will enroll my child in the program     I will not enroll my child in the program
